

# Dive Against Debris®

# Data Card

Dive Against Debris® is a survey of underwater marine debris. Only report debris you find underwater while on SCUBA through Dive Against Debris®. Survey leaders should record all diver findings for the same individual survey dive, onto one Data Card. Then, for all English data submissions report your data online at [www.projectaware.org/DiveAgainstDebrisData](http://www.projectaware.org/DiveAgainstDebrisData), for all other languages, please email your completed Data Card to [diveagainstdebris@projectaware.org](mailto:diveagainstdebris@projectaware.org). See the **Dive Against Debris® Survey Guide** for instructions on using this form.
